ACCOUNTING AND TAX PROCESSING

Entire Accounting data are scanned and uploaded in our Share point File-Sharing portal which can access by all employees 24x7.

Entire Accounting data backup and data secrecy is managed by IT professionals.

For Accounting, we are using 100% cloud-based accounting software Quick book Accountants, M3, and Dilners by hosting in our server in the USA so that we can access the software from anywhere anytime.

For Tax Returns, we are presently using Intuit Pro series 2021 Cloud-based and preparing all the tax returns online by our Senior Tax Return preparer and Enrolled Agent and by CPAs.
